Dedication

TO CUSTOMERS IS OUR #1 PRIORITY

Since 1908, Keystone Industries has maintained a reputation for producing innovative, high-tech products. We constantly strive to provide you with the finest quality materials. Our products are developed to meet and exceed customer requirements.

AT KEYSTONE INDUSTRIES, WE ARE THOROUGHLY COMMITTED TO THE GOAL OF TOTAL CUSTOMER SATISFACTION. WE ACHIEVE THIS BY PROVIDING **QUALITY PRODUCTS, PROMPT DELIVERY, COMPETITIVE PRICING AND KNOWLEDGEABLE CUSTOMER SERVICE**

Company Overview

Keystone Industries has proudly manufactured high-quality, innovative products in the human dental field for over 110-years. With that being said, you may be asking, "Why would Keystone venture into manufacturing products for the veterinary market?" The answer is simple - TO MAKE A DIFFERENCE.

We realize how important animals are to everyone and their families, and how their unconditional love makes our lives more enjoyable. It is the love that our pets provide to us that we dedicate our product to make a difference in their lives.

Keystone Vet is striving to assist veterinarians and veterinary dental specialists to deliver the highest quality of care to animals, and we feel that putting together a catalog of the finest products is an excellent way to make the task simpler. These products are manufactured with selected raw materials and reflect the same high level of quality that human dentists have known and have treated for decades.

Regulatory

Keystone Industries has an established quality management system and implements good manufacturing practices that is compliant to ISO 13485 and ISO 22716 for our medical device and cosmetic products. These same systems and practices are applied to our veterinary product line to maintain a high level of quality for all products marketed globally.

REACH: Keystone Vet understands the potential impact of EC regulation 1907/2006 (REACH) on the chemical industry in the European community. For that reason, we have, through our only representative, completed registrations for all applicable substances, ensuring our products can continue to be sold in this vital marketplace. We also have ongoing communication with our suppliers and are continually evaluating our own registration needs to confirm that applicable products maintain conformity with REACH regulations.

Pet-Dent Plus

Oral Maintenance Tablets with Hexa-Clean™

Maintaining your pet's oral health between veterinary cleanings has never been easier. Simply add one effervescent tablet to your dog or cat's water dish at each water changing. The Hexa-Clean® technology supports healthy gums and teeth every time your pet drinks water. Regular dental care is important to protect your animal from serious health problems.

FEATURES & BENEFITS

- Easy to use. Just drop a tablet into 16oz/500ml of water
- Supports healthy gums and teeth every time your pet drinks water
- Maintain good oral health between veterinary cleanings

FOR DOGS

FOR CATS

#8003030 Pet-Dent Plus Oral Maintenance 30 Tablets/Box

Pet Maintenance Gel

Tooth brushing is the best thing that pet owners can do at home to prevent dental disease, and this is important because dental disease can lead to painful infections and other severe consequences such as heart and kidney disease.

FEATURES & BENEFITS

- Developed by a veterinary dental specialist
- Hypoallergenic
- Pleasant flavor
- Zinc Gluconate promotes oral health
- Brushing helps remove dental plaque

FOR DOGS

FOR CATS

#8032700 Pet Maintenance Gel with Zinc Gluconate 2.1 oz (60g)

Bright Bark & Meow

Our Keystone Vet Bright Bark and Meow toothbrush, included with our antiseptic tooth gel, is the ideal toothbrush for brushing the animal's teeth. Helps killing the bacteria that can cause plaque with chlorhexidine gluconate is only part of the solution. The majority of the plaque removal results from the action of this unique toothbrush. The soft bristles, specially

shaped head, and ergonomic handle of the Keystone Vet Bright Bark and Meow toothbrush makes providing good oral care in our pets easier and less frustrating for the pet owner.

FEATURES & BENEFITS

- Allows for easier application for use on dogs and cats
- Alcohol Free

FOR DOGS

FOR CATS

#8001300	Bright Bark & Meow Oral Paste	4.3 oz (120g)
#8001325	Bright Bark & Meow Toothbrush	1 brush

PetORALeZe Oral Spray

PetORALeZe combines an effective antiseptic with the convenience of a spray. Our alcohol-free blend of thickening agents combined with chlorhexidine gluconate provides maximum placement coverage to help reduce the redness and swelling of gums caused by gingivitis.

PetORALeZe, when used in combination with *Keystone Vet Bright Bark and Meow* tooth gel and toothbrush helps prevent plaque build up in those hard to reach areas.

FEATURES & BENEFITS

- PetORALeZe contains chlorhexidine gluconate
- PetORALeZe can be used once or twice a day for oral hygiene maintenance
- The spray pump allows for easier application for use on dogs and cats
- Alcohol free

FOR DOGS

FOR CATS

#8001050	Petoralenze Oral Spray	1 oz (30 ml)
----------	------------------------	--------------

Fluoride Foam

Keystone Vet Fluoride Foam is a light and airy uniquely textured way to provide sodium fluoride help strengthen the tooth enamel of your patients. Just one minute delivers a non-acid form of sodium fluoride to your patient. Keystone Vet Fluoride Foam provides application control, less waste and excellent interproximal coverage. With use after each oral procedure, your patient will benefit from an effective and convenient fluoride treatment in addition to having fresher smelling breath.

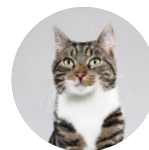

FEATURES & BENEFITS

- Combines the fluoride uptake of an APF gel with the convenience and ease of aerosol foam application
- Acidulated Phosphate Fluoride
- A uniquely textured foam with excellent consistency and coverage
- Each container provides over 60 treatments
- Available in 4.4 oz bottles in a convenient box

FOR DOGS

FOR CATS

#8003030 Acidulated Fluoride Foam - Vanilla 4.4 oz (120g)

Fluoride Home Care Gel

This is a unique home care gel used by pet owners to promote good oral care of their pets. It's particularly helpful when used in cases of periodontal issues or enamel hypoplasia, which often causes tooth sensitivity.

Simply apply a pea-sized amount of the gel by fingertip or with a soft tooth brush to the outer surfaces of the teeth on both sides of the pet's mouth, or use as directed by a veterinarian. There's no need to rinse following application.

Prophy Angles

Our Keystone Vet Prophy Angles provide a gear design which delivers a continuous back and forth oscillation of the non-latex prophy cup. In a veterinary office the benefits obtained from oscillating motion over centrifugal motion, include no costly motor repairs arising from entrapped hair and no wasted time taking measures to prevent hair entanglement.

The combination of Keystone Vet Prophy Angles with our Keystone Vet Prophy Paste not only provides a cost effective alternative to centrifugal angles, but maximizes stain removal while minimizing enamel loss.

FEATURES & BENEFITS

- Angles oscillate in a back-and-forth motion to prevent entrapment of the patient's fur
- Individually wrapped

FOR DOGS

FOR CATS

#8001455	Disposable Oscillating Prophy Angles with Dispenser Box	100/box
#8001431	Disposable Prophy Cups Latch Firm	144/box

Prophy Paste

What defines a good prophy paste? It is not the grit or the fancy additives, or the patented “integrated abrasion”, but the no splatter ability. It is important to have a material which will not break down from the heat or the centrifugal force being generated during the cleaning procedure.

Keystone Vet introduces Keystone Vet Prophy Paste. Our unique blend of materials provides both a splatter-free formula and a single, universal polishing and cleaning paste.

Keystone Vet Prophy Paste, for professional veterinary use only, are available in fine, medium and coarse grits in four pleasant flavors of bubble gum, cherry, mint or orange delight. While the pet obtains a clean and polished mouth, the technician enjoys the fragrance emitted during polishing.

Have you ever burned out a polishing motor due to entrapped animal hair? Try Keystone Vet Prophy Angles which oscillate in a back and forth motion to prevent catching the patient’s hair. In addition to all the above benefits, the combination of Keystone Vet Prophy Paste and Prophy Angles maximizes tooth stain removal and minimizes enamel loss.

FEATURES & BENEFITS

- Fluoride free
- Provides 0.8% phosphate ion
- Maximizes stain removal and minimizes enamel loss, strengthening tooth enamel and preventing dental caries
- Time set formula for greater consistency in its application. This special consistency allows paste to be splatter free

#8001402	Cherry Prophy Cups, Fine Grit	200/Box
#8001400	Rainbow Flavors* Prophy Cups, Medium Grit	200/Box
#8001410	Rainbow Flavors* Prophy Cups, Coarse Grit	200/Box

*Rainbow Flavors is an assortment package of bubble gum, cherry, mint and orange delight

Infection Control

HB Anti-Fog Face Shield

When working on a patient or in the lab, often times infectious, hazardous or undesirable substances will splatter. The HB Anti-Fog Shield is a lightweight, disposable face shield that provides protection of eyes and face from accidental exposure to hazardous substances. Keystone's HB Anti-Fog Shield offers OSHA-level protection against splash of bodily fluids in the face for medical, dental and emergency medical healthcare workers.

FEATURES & BENEFITS

- Anti-fog shield
- One size fits all
- Strong elastic band for tight fit
- Made in the USA
